PROJECTS

AI Product Intelligence & Customer Insights Platform

[GitHub](#)

- Built a product intelligence platform to analyze customer reviews and identify trends influencing product performance.
- Conducted sentiment and trend analysis to uncover customer pain points and actionable business insights.
- Designed executive dashboards enabling data-driven product and marketing decisions.
- Automated reporting workflows, reducing manual effort and improving reporting efficiency.
- Presented structured findings using visual reports to support decision-making.

AGRIICO – Agriculture Assistance Web Platform

[Figma](#)

- Conducted market and user research to identify challenges faced by farmers and map business opportunities.
- Performed requirement gathering and competitor analysis to define product strategy.
- Collaborated with stakeholders to prioritize features balancing user needs and business goals.
- Created wireframes and prototypes communicating strategic product concepts to technical and non-technical teams.
- Documented product requirements, user stories, and design decisions for cross-functional collaboration.

POSITIONS OF RESPONSIBILITY

Student Coordinator | Fine Arts Club

July 2024 – June 2025

- Led a cross-functional student team of 90+ members to successfully execute 6 large-scale events attended by over 400 participants.
- Coordinated planning, stakeholder communication, budgeting support, documentation, and on-ground execution.
- Prepared post-event reports, managed documentation, and tracked execution metrics to improve future planning.
- Collaborated with multiple teams under strict timelines while ensuring smooth execution.

Event Management Co-Lead

April 2023 – July 2024

- Managed end-to-end planning and execution of college events by coordinating across logistics, creative, and operations teams.
- Prioritized tasks, resolved execution challenges, and ensured timely delivery under tight deadlines.

BUSINESS AND LEADERSHIP HIGHLIGHTS

- Strong presentation and stakeholder communication skills.
- Comfortable working across multiple functions and managing competing priorities.
- Experience leading teams and executing projects from planning to delivery.
- Passionate about startups, business strategy, and data-driven decision making.
